ACDIS will award Continuing Education Units (CEUs) for education and training programs, lectures, and workshops, including audio and telephone conferences, on topics of interest and importance to the clinical documentation improvement profession. We particularly encourage presentations about best practices, strengthening CDI procedures and policies, coding and clinical concerns, and team/relationship building with clinicians and other organization/facility departments. One hour of appropriate training and education equals one CEU. CEUs will not be awarded for introductory or welcome sessions, routine chapter business and discussions, election of officers, or for time allotted for breaks or meals.

4. Contract for prior approval

As the representative for the sponsoring chapter, I have reviewed ACDIS's requirements for prior approval of a continuing education program and agree to abide by them. I understand that failure to follow the requirements for prior approval may result in revocation of prior approval and prohibit future approval by ACDIS.
